Also, **National Humor & Keep
America Beautiful Month**

The **Full Pink Moon**, will occur
on Wednesday, April 1st, 2026.
This full Moon heralds the appearance
of the moss pink, or wild ground phlox
(one of the first spring flowers). It is
also known as the Sprouting Grass
Moon, the Egg Moon, and the Fish
Moon. Historically, Native Americans
living in what is now the northern and
eastern United States kept track of the
seasons by giving a distinctive name to
each full Moon.

April cold with dripping rain
Willows and lilacs brings again,
The whistle of returning birds,
And trumpet-losing of the herds.
—Ralph Waldo Emerson (1803–82)

Spring Into Success: Fresh Season, Fresh Opportunities

As the days grow longer and the weather
starts to warm, spring brings a sense of
renewal and fresh energy! It's the perfect
time to reset, refocus, and take advantage
of new opportunities—both personally
and professionally.

Spring can be a great moment to check in
on your goals. Are there new skills you've
been wanting to learn? Is there a different
type of assignment you'd like to try? Just
like spring cleaning clears out the clutter
at home, this season is ideal for "career
cleaning"—refreshing your resume,
updating your availability, or exploring
new roles.

2-3/4 cups all-purpose flour
2 teaspoons baking powder
1/4 teaspoon salt
1 cup (2 sticks) butter, softened
2 cups sugar
2 eggs
2 teaspoons lemon zest
3 tablespoons lemon juice
1 cup old-fashioned oats

Directions

1. In a bowl, sift together flour, baking powder, and salt.
2. In a separate bowl, use an electric mixer to beat butter and sugar. Add eggs and beat well. Beat in lemon zest and juice. Gradually add flour mixture, then stir in oats. Chill dough for at least 2 hours.
3. Preheat oven to 375°F. Grease baking sheets or line with parchment.
4. Drop dough by rounded tablespoons on baking sheets, allowing room for cookies to spread. Using a flat-bottomed glass or custard cup that has been greased and dipped into sugar, flatten each ball to a 1/4-inch thickness (dip the glass into sugar each time).
5. Bake for 8 to 10 minutes, or until lightly browned around the edges.

This time of year also tends to bring a wave of new job openings across many industries. Employers are gearing up for busy seasons, launching new projects, and looking for dependable team members to help them succeed. Staying flexible, communicative, and open to new opportunities can help you make the most of what's ahead!

Don't forget to take care of yourself, too. With more daylight and (hopefully!) nicer weather, it's a great time to recharge outside of work. A little extra energy and positivity can go a long way in both your job performance and overall well-being.

As always, we're here to support you every step of the way. If you're ready to try something new this spring—or just want to explore your options—reach out to our team! Let's make this season one of growth, success, and new beginnings!

"Whatever you do,
always give 100%.
Unless you're
donating blood."
